Memorial Day

Memorial Day is observed on the last Monday of May. It was formerly known as Decoration Day and commemorates all men and women who have died in military service for the United States. Many people visit cemeteries and memorials on Memorial Day and it is traditionally seen as the start of the summer season.

It is traditional to fly the flag of the United States at half staff from dawn until noon. Many people visit cemeteries and memorials, particularly to honor those who have died in military service. Many volunteers place an American flag on each grave in national cemeteries. Memorial Day is combined with Jefferson Davis' Birthday in Mississippi.

Memorial Day has become less of an occasion of remembrance. Many people choose to hold picnics, sports events and family gatherings on this weekend. This day is traditionally seen as the start of the summer season for cultural events.
