Clovis Unified school attendance boundaries are in the process of being revised in the anticipation of the 2025 opening of a new high school area . Initial drafts of updated maps are now available online for review. Maple Creek is anticipated to experience changes under the proposals. Abraham Lincoln

Abraham Lincoln (born February 12, 1809, near Hodgenville, Kentucky, U.S.—died April 15, 1865, Washington, D.C.) was the 16th president of the United States (1861–65), who preserved the Union during the American Civil War and brought about the emancipation of enslaved people in the United States.

Statue of Abraham Lincoln at the Lincoln Memorial, Washington, D.C.(more)
Among American heroes, Lincoln continues to have a unique appeal for his fellow countrymen and also for people of other lands. This charm derives from his remarkable life story—the rise from humble origins, the dramatic death—and from his distinctively human and humane personality as well as from his historical role as saviour of the Union and emancipator of enslaved people. His relevance endures and grows especially because of his eloquence as a spokesman for democracy. In his view, the Union was worth saving not only for its own sake but because it embodied an ideal, the ideal of self-government. In recent years, the political side to Lincoln's character, and his racial views in particular, have come under close scrutiny, as scholars continue to find him a rich subject for research. The Lincoln Memorial in Washington, D.C., was dedicated to him on May 30, 1922.
