

BLOCK H AWARD

Philosophical Statement

Maple Creek's Block H Award is the most prestigious award a student may earn at Maple Creek Elementary. This honor is available to 4th-6th graders and is awarded at the end of the year.

Students may earn this award annually and are honored at an annual award ceremony at the end of the year. It is our sincere hope that the Block H award serves the following functions:

- Motivation to students to become active participants at their school
- To provide a blueprint to parents and teachers in planning, encouraging and setting goals with children regarding school involvement and achievement
- To reinforce the importance of being responsible, well-rounded individuals and establish a definition of what this looks like
- To provide recognition for students having met the criteria for this award

Overview

Students in grades 4-6 are awarded at the end of the school year with Block H. To earn the Block H award, a student must accrue checks, or points, in a broad base of participation in areas of Mind, Body, and Spirit. It is our goal that students will actively pursue this award, making it part of their planning for their total school experience. Whether or not the student actually receives the award, striving for it will enrich and enhance his/her educational foundation.

We encourage parents to work closely with students receiving the guidelines and requirements throughout the year while setting goals.
