Now Click on the BIG G which is Google Drive

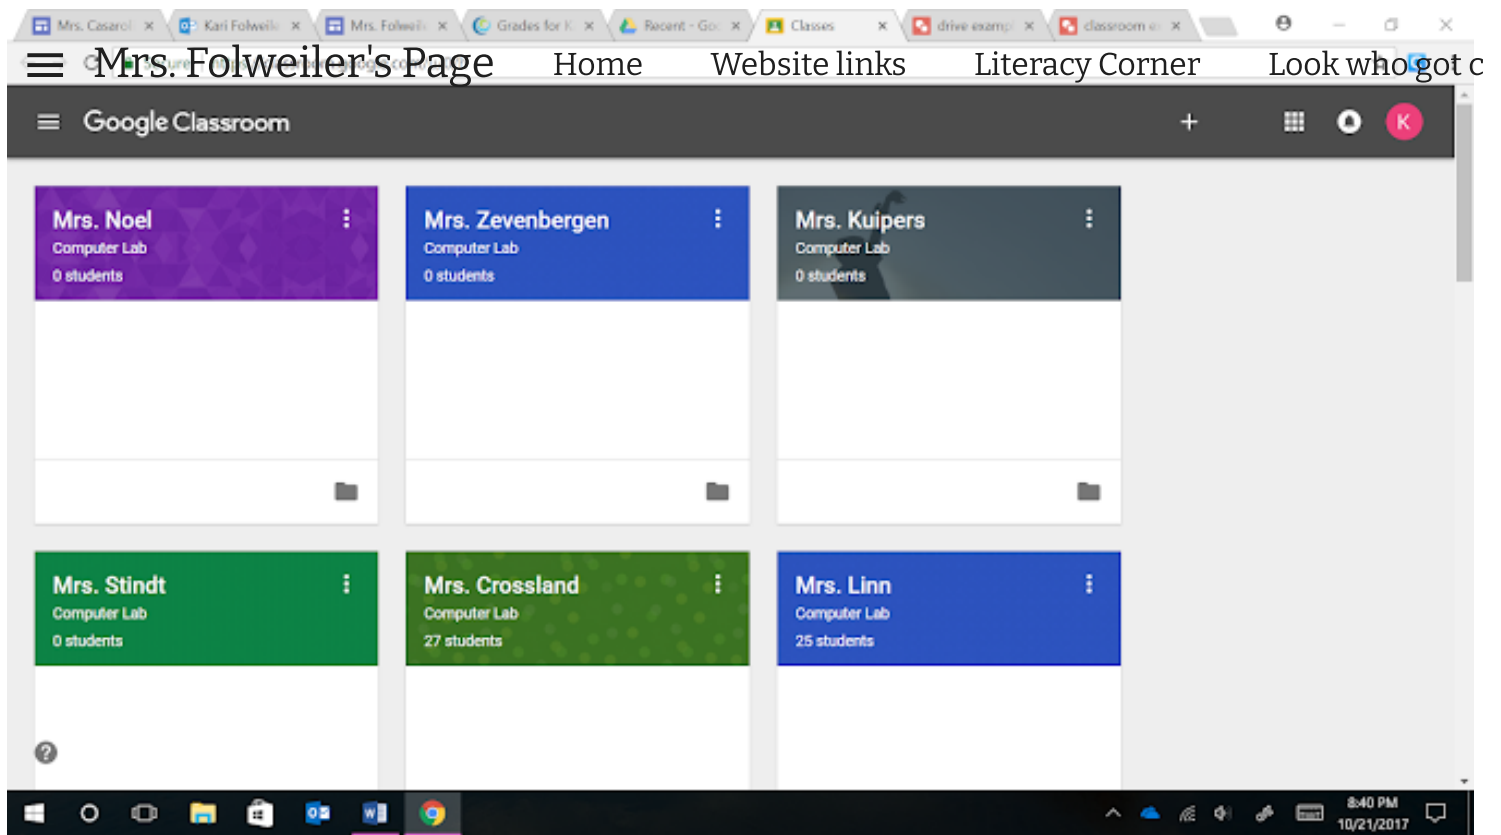

Now you are in their Drive and have access to all our your students work!

Now click on the waffle. See the symbol the arrow is pointing at? We call it a Waffle to help the children identify it easier.

Click on Classroom

Now you will see your teachers name and under it, it will say Computer Lab. See examples above. Double Click on on your teachers name and you can see all that we have been doing in class. Your kids can finish any work or of course show off their hard work to you!

Hope you have enjoyed viewing your child's work!
